## Company Profile

---

### Introduction

- EWM (Electrical Work & Maintenance Co.) is a Subsidiary of Shobokshi Development & Trading Company.
- EWM was established on 23/10/1391H (11.12.1971G)
- Type of Company : Limited Liability.
- Shobokshi Development & Trading Company Paid up Capital :

### Our Division's

#### Power & Water Division

#### Electrical Network Division

#### Road & Electricity Division

## Company Profile

---

### **Our Vision :**

To be the leading provider of high quality products & services around Saudi Arabia through continuous innovation of integrated solutions, provided with quality & reliability, in order to maintain the trust of our customers.

### **Our Mission :**

To be the preferred strategic partner providing innovative solutions by passionate & talented teams in power & water, Oil & Gas and Construction industries in KSA .

### **Our Values :**

Reliability, Innovation, Customer focus & Honesty .

## Company Profile

---

### Power & Water Division

- Since establishing EWM has become one of the most trusted partners in the power & water business, providing integrated solutions across the power & water sectors.
- We are providing complete solutions for customers in Oil & Gas, Industrial, Commercial Buildings, Power & Water, Infrastructure sectors.
- Our access to best products and relationships with leading global manufacturers have been developed for 50 years to meet all our customers' needs.
- EWM helps to meet the full ranges of a customer's needs in ways that are economically and environmentally sustainable for present & beyond.
- Our Power & Water Division is providing complete solutions including design, supply, Installation, aftersales services, operation & maintenance for customers in Oil & Gas, Industrial, Power & Water, Infrastructure & Commercial Buildings sectors.
- **We are doing in-house assembly of fuel transfer Pumps, booster Pumps , trolley mounted dewatering pumps , Non UL firefighting pumps & chilled water pump and additionally we are making in-house design & assembly of custom made control panels.**
- Whether the scope is a simple system or a complex pre-packaged system, EWM got the experience and capabilities to design, build, testing & commission, after sales service anywhere in KSA.
- Our Maintenance, Repair & Operations business offers cost effective solutions to customers for optimizing their operations & maintenance requirements.

## EWM in Saudi Arabia

**Our facilities is covering the major projects around Kingdom**

- **John Deere**
- **HATZ**
- **MC Meters Control**
- **AFRISO**
- **WIKA**

## Products & Solutions

### Lowara – a Xylem Brand

Xylem's Lowara brand is leading in providing long term economical solutions for pumping and circulating clean or contaminated water. The main industries served are:

- Agriculture
- Aquaculture
- Commercial & Residential Buildings
- General Industry
- Mining
- Chilled Water
- Commercial Pools & Water Parks
- Plumping
- Energy & Power
- Desalination Plants , Water Treatment Plants , Water Pumping Stations
- Waste Water Plants , Sewage Lifting Stations & Storm Water Stations
- Dewatering Works
- Oil & Gas

### Products :

#### End Suction Pumps:

#### Heat Exchangers:

## Products & Solutions

**AC FIRE PUMP**  
a xylem brand

## AC Fire – a Xylem Brand

Count on **AC Fire Pump Systems** to solve your fire pumping challenges. For over 100 years, AC Fire Pump has been at the forefront of developing, designing and custom building fire pumps and systems. These highly engineered, meticulously manufactured and NFPA certified fire pump systems meet your fire protection needs for almost any application. From homes to high rises to industrial environments, this equipment is here to help save lives

### Products :

#### Split Case Fire Pumps:

#### In-Line Fire Pumps:

## Products & Solutions

**AC FIRE PUMP**  
a xylem brand

### Products :

#### End Suction Pumps:

#### Vertical Turbine Pumps:

## Products & Solutions

### FLYGT – a Xylem Brand

Xylem's FLYGT brand is leading in providing long term economical solutions for pumping and circulating contaminated water. The main industries served are:

- Aquaculture
- Commercial & Residential Buildings
- General Industry
- Mining
- Plumping
- Desalination Plants , Water Treatment Plants , Water Pumping Stations
- Waste Water Treatment Plants , Sewage Lifting Stations & Storm Water Stations
- Dewatering Works
- Oil & Gas

### Products :

#### Dewatering Pumps ( 2000 Series ) :

#### Sewage Small Range ( 3000 Series ) :

#### Sewage Medium Range ( 3000 Series ) :

## Products & Solutions

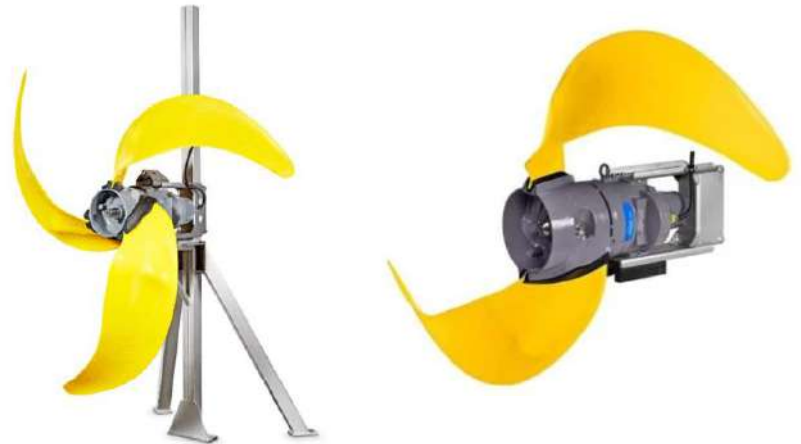

### Products :

#### Sewage Large Range ( 3001 Series ):

#### Banana Blade Mixers ( 4000 Series ):

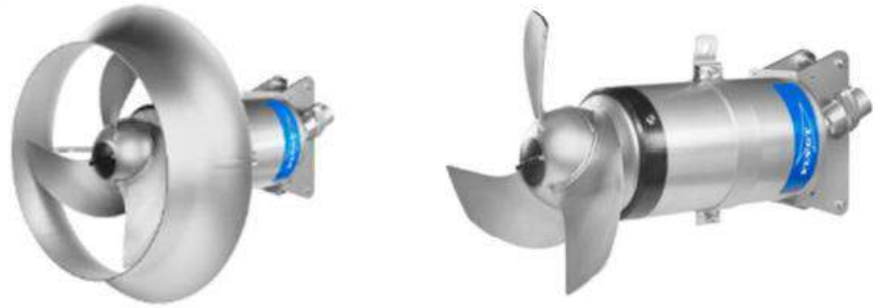

## Products & Solutions

### Products :

#### Compact Mixers ( 4000 Series ):

#### Slurry Pumps ( 5000 Series ):

## Products & Solutions

### Products :

#### FLYGT Connector ( 6000 Series ):

#### FLYGT Propeller Pumps ( 7000 Series ):

## Products & Solutions

### Products :

#### Stainless Steel Vortex Pumps ( 8000 Series ):

#### Package Pumping Station ( Top Station ):

## Products & Solutions

### Varisco

Founded in 1932, **Varisco** establishes an international reputation for the design and production of highly reliable pumps for the treatment of fluids in the industrial, purification and management sector for abrasive fluids and those with suspended solids.

**Varisco** specializes in the construction of self-priming centrifugal pumps with semi-open impellers and volumetric pumps – especially with internal gears – for high viscosity fluids.

**Varisco** brand is leading in providing long term economical solutions for pumping and circulating contaminated water. The main industries served are:

- General Industry
- Desalination Plants , Water Treatment Plants , Water Pumping Stations
- Waste Water Treatment Plants , Sewage Lifting Stations & Storm Water Stations
- Mining
- Dewatering Works

### Products :

#### Self-Priming Pumps ( J & ST-R Series ):

## Products & Solutions

### Products :

### Positive Displacement Internal Gear Pumps

#### (V Series):

### Positive Displacement External Gear Pumps

#### (G Series):

## Products & Solutions

### HOMA

**HOMA** products are known worldwide for superb engineering and adherence to the strictest standards throughout the manufacturing process producing the highest quality, most reliable pumping equipment available.

**HOMA** manufactures only submersible pumps and motors, so you are assured of expert quality, workmanship, and service.

**HOMA** submersible pumps provide superior hydraulic coverage with reliability and efficiency assured in permanent or portable installations, with Wet Pit or Dry Pit applications, from 10 GPM to over 15,000 GPM and with 1/2 HP to 500 HP.

The main industries served are:

- Aquaculture
- Commercial & Residential Buildings
- General Industry
- Mining
- Plumping
- Desalination Plants , Water Treatment Plants , Water Pumping Stations
- Waste Water Treatment Plants , Sewage Lifting Stations & Storm Water Stations
- Dewatering Works
- Oil & Gas

### Products :

### Non-Clog Pumps ( A Series ) :

**VIKING PUMP**  
A Unit of IDEX Corporation

### Viking

**Viking Pump**, a Unit of **IDEX** Corporation, leads the world in the design and manufacture of rotary Positive Displacement Pumps for use in some of the toughest applications. Since 1911, **Viking** innovative products have been key contributors to successful operations in virtually every industry—from military, to food and beverage, to chemicals, fuels and plastics—reliably pumping materials that are thin, thick, hot, cold, liquid, solid, etc.

**Viking** offers a wide range of pump models, sizes and composition, as well as customized, fit for purpose options, to meet your strictest requirements.

The main industries served are:

- **Chemicals** (Acids & Bases, Alcohols & Solvents and Soaps & Detergents)
- **Polymers** (Rubbers & Plastics, Fibers & Resins and Polyurethanes)
- **Oils** (Crude Oils, Lube Oil & Greases and Asphalt & Bitumen)
- **Fuels** (Refined Fuels, Biofuels and Liquefied Gases)
- **Machinery** (Fuel & Lube, Heat Transfer Liquids and Filtration)
- **Foods** (Liquid Sugars, Chocolate & Confectionery and Edible Oils)
- **Personal Care** (Lotions & Creams, Toothpaste and Hair & Skin Care)
- **Pulp & Paper** (Coatings, Starch and Black Liquor Soap)
- **Water & Wastewater** (Methanol, Polymers and Additives)
- **Coatings & Sealants** (Paints, Dyes & Inks, Adhesives and Caulks)

### OBL

OBL has one of the largest **dosing** pump portfolios' (plunger pumps, mechanical diaphragm pumps, hydraulic diaphragm pumps), combined with in-house designed and assembled state-of-the-art electrical actuators.

The Process pump by OBL offers a comprehensive portfolio of API compliance pumps (plunger or hydraulic diaphragm) to match the most demanding requirements of Petroleum, Chemical Processing, and Energy and Water Treatment applications.

The main industries served are:

- Drinking Water ( Pre-oxidation , Desalination , Chlorine disinfection )
- Industrial Water Treatment ( Anti-Coagulation and flocculation , Chlorination pH control , Anti-scaling and de-oxidation )
- Power Generation ( Pre-oxidation , Desalination , Anti-scaling & de-oxygenation)
- Food & Beverage ( Filtration , Flavoring , Coloring , Adding additives )
- Wastewater Treatment ( Physic-chemical process , Disinfection , Filtration , Clarification )
- Pulp & Paper ( Bleaching , Hydrosulfite diluting )
- Chemical & Petrochemical ( Pipeline proportional injection , Continuous production of liquid detergents , Liquid soap production , Resins blending )
- Mining ( Acidity neutralization , Flocculation )

### Products :

#### Blackline ( M , R , XRN & H )

## Products & Solutions

### Products :

### Topline ( L , XL & LX9 )

## Products & Solutions

### Argal

**ARGAL** boasts forty years of activity in the invention and production of pumps made of **thermoplastic material**, compounds and corrosion-resistant metal alloys. During the past decade, significant efforts were directed to research and development on the entire production and such an effort resulted in entirely new or renovated pump ranges.

The main industries served are:

- Precious Metal Refining Plants
- Desalination
- Food & Beverage
- Water Treatment
- Oceanic Parks & Aquarium
- Pharmaceutical & Cosmetic Industry
- Power Plants
- Fish Farms
- Oil & Gas
- Landfill & Aquifers

### Products :

#### AODD Pumps:

## Products & Solutions

### Products :

#### Centrifugal Pumps :

## Products & Solutions

### IBAIONDO

**IBAIONDO** is an industrial company which designs & manufactures pressure equipment for hydraulic installations and water supply systems.

**IBAIONDO** has a wide range products and a solid reputation forged in the domestic market of plumbing and heating, as well as in hydraulic sectors of public works

The main Products are:

- Hydropneumatic Tanks
- Expansion Vessels
- Automatic Pressurization Units
- Puffer Tanks
- Hydraulic Separators
- Air & Dirt Separators
- Compressed Air Tanks
- Surge vessels

### Products :

#### Hydropneumatic Tanks :

### VEMAT

Vemat Motor is a leader motors manufacturer of international market.

Vemat Motor is producing motors for different applications with continuous technical updating.

Range of products:

- **Three phase** asynchronous electric motors from frame size 56 up to 355
- **Single phase** asynchronous electric motors from frame size 56 up to 100
- Production of **special motors** according to customer's request.

## Products & Solutions

# cemp

Flameproof  
Motors

### Cemp

**Cemp®** brand has been a leader in furnishing Hazardous Duty ATEX and IECEx motors to an array of applications in the oil and gas, marine, and mining industries.

Range of products:

- IEC Hazardous Area Motors
- IEC Hazardous Area Brake Motors
- IEC Non-Sparking And Dust Proof Motor
- IEC Non-Sparking And Dust Proof TCN/TCT IE3-IE4
- Safe Area Motors TCI IE3/IE4
- NEMA Motors

## Products & Solutions

### **NORD**

NORD provides drive solutions for more than 100 industries.

NORD offer our customers the highest quality, fast delivery and therefore optimal planning security.

Range of products:

- Geared motors
- Electric motors
- MAXXDRIVE® industrial gear units
- Frequency Inverter for decentralized drive control and servo controllers

### **Products :**

#### **Geared Motors:**

#### **Electric Motors:**

#### **MAXXDRIVE® industrial gear units:**

## Products & Solutions

### T.I.S

T.I.S a leading international company, specializes in the production all type of valves for water networks and hydroelectric power plants.

T.I.S is able to produce a wide range of high technology valves and fittings, both in cast iron and plastic; butterfly valves, gate valves, air release valves, automatic control valves, plunger flow control valves and dismantling joints. These products can be controlled by electric motors or pneumatic actuators.

### Products :

#### Double Flanged Butterfly Valves:

#### Plunger Flow Control Valves:

#### Automatic Control Valves:

## Products & Solutions

### Products :

#### Resilient Seated Gate Valves:

#### Air Release Valves:

#### Knife Gate Valves & Penstocks:

## Products & Solutions

### Products :

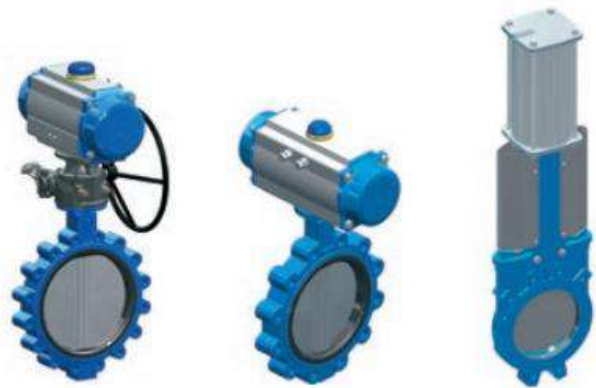

#### Tilting Check Valves:

#### Electric Actuated Valves:

#### Pneumatic Actuated Valves:

**Products & Solutions**

**Products :**

**Metal Seated Gate Valves:**

**Central Butterfly Valves:**

**Check Valves:**

## Products & Solutions

### TOKHEM

**Tokheim** Flame Arresters are designed to be used at the termination of a vent pipe, which vents volatile vapors directly into the atmosphere. Vapors passing through the stack, if ignited from an outside source, will burn like a gas water heater or furnace. The fire cannot flash through the Plate Stacks into the tank. The "Plate Stacks" are protected from the elements, by an aluminum weather shield. If a fire were to occur, fusible links drop the weather shield at 165 degrees F., allowing the flame to propagate upwards and away from the Flame Arrester. When the pressure inside the tank diminishes, the fire will die out, much like shutting off the valve on a water heater or furnace. Tokheim Flame Arresters are U/L listed.

Available Sizes :

- From 2 inch to 10 inches.

## Products & Solutions

### RATHI

Rathi Couplings are one of the best coupling manufacturers in India. Their expertise lies in manufacturing **Flexible couplings, Spacer couplings, Fluid couplings, Gear couplings, API couplings, Pin and Bush couplings, Disc couplings** and **Tyre couplings**.

Rathi Couplings are industry leaders with specialization in manufacturing spacer couplings, flexible couplings and fluid couplings.

## Products & Solutions

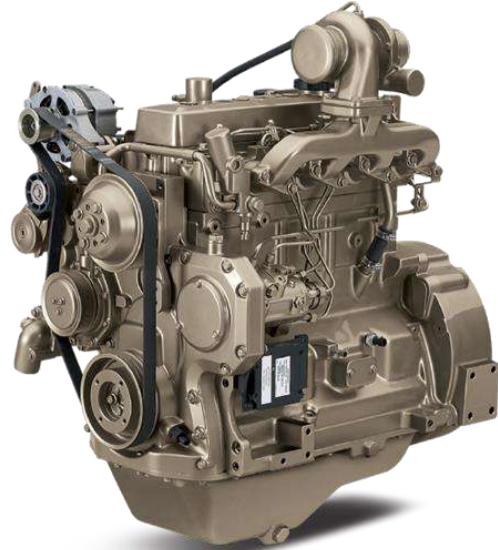

### John Deere

**John Deere** is 175 year global company manufacturing a variety of equipment's for farmers, builders and Genets Manufacturers.

**John Deere** manufactures **water-cooled** engines for general, industrial and Marine Applications.

The main industries served are:

- Agriculture
- Power Generation
- Firefighting Systems
- Dewatering Works
- General Industry
- Mining
- Marine Application
- Pumping Systems

## Products & Solutions

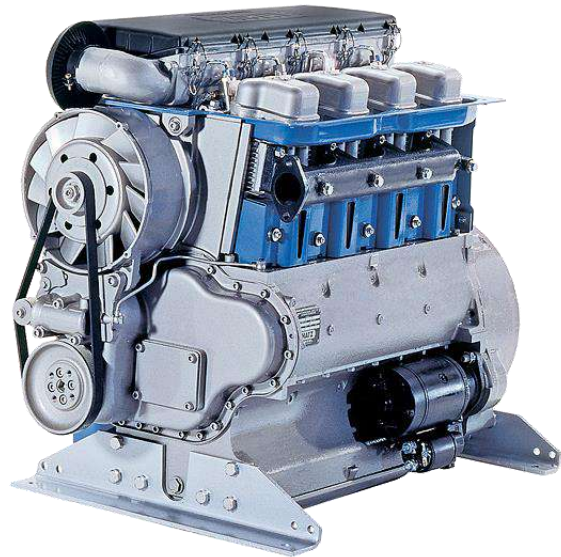

### HATZ

**Hatz** is a globally active independent specialist for 1 to 4-cylinder **air-cooled** Diesel engines. Our diesel engines are used in all fields of application.

**Hatz** develops and manufactures diesel engines in a power range from 1.5 to 64 kW.

The main industries served are:

- Construction Machinery
- Compressors
- Commercial Vehicles
- Agriculture Machinery
- Handling Equipment
- Dewatering Works
- Firefighting System
- Mining
- Marine Application
- Military Sector

## Products & Solutions

### MC Meters Control

**MC Flow Meters** cover the Petrochemical, Light Chemical and Tank truck Industries.

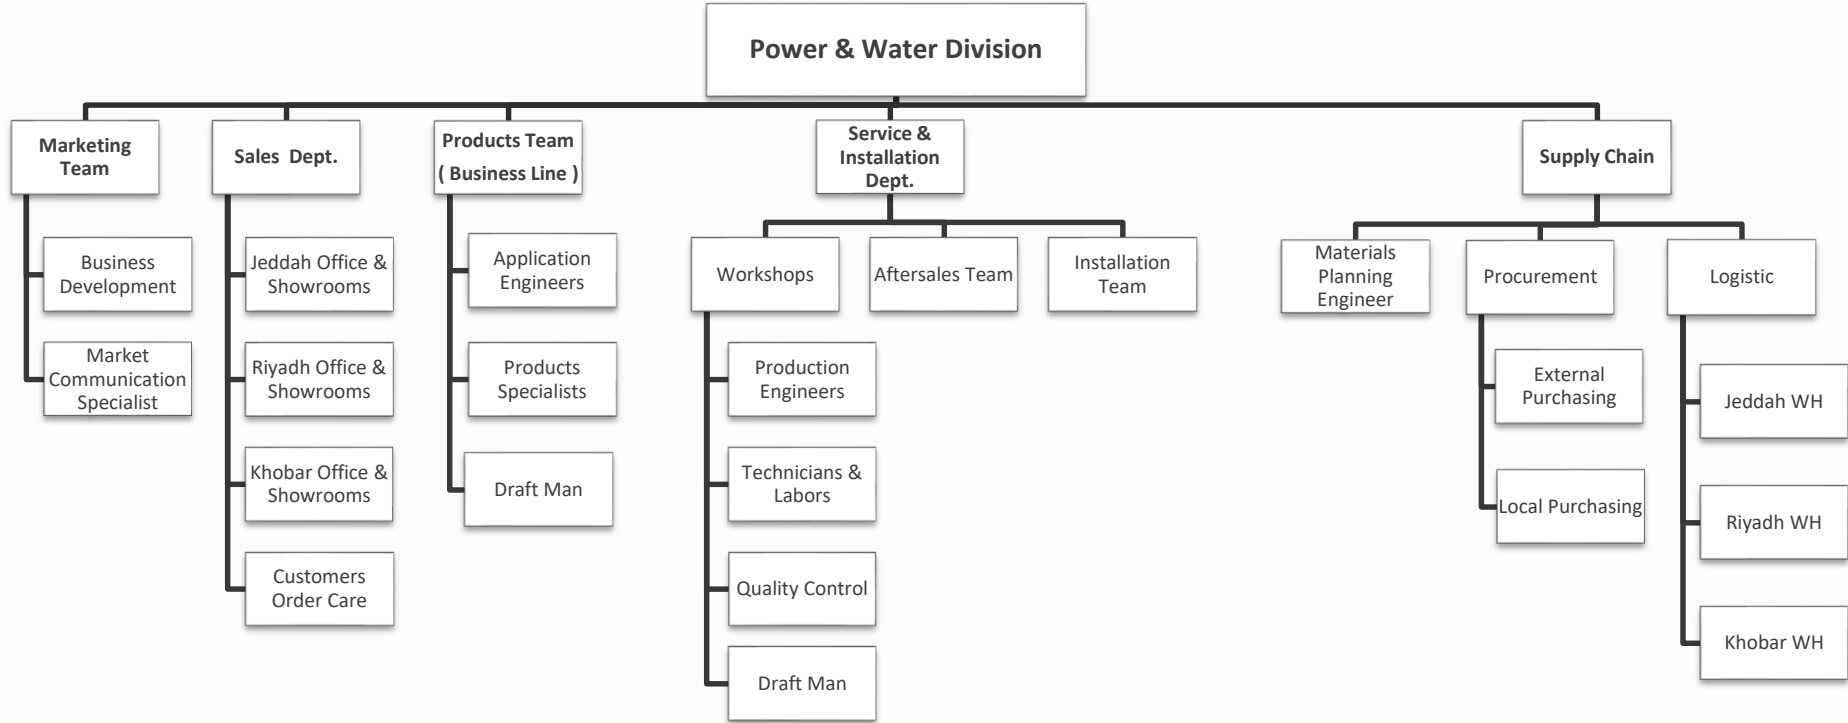

**MC Flow Meters** are most widely used in batch loading and dispensing applications. They are compatible for diesel, gasoline, LPG fuel, aviation fuel, crude oil, marine fuel, bio-fuels, vegetable oils, methanol, ethanol, etc. Also, many other industrial applications can be served by Meters Control for measurement of chemical solvents, acids, viscous liquids, alkaline products, etc.

**MC Flow Meters** can be applied to measure any fuel transfer is guarded by any Weights and Measures regulation. Unequaled accuracy, high reliability and low total cost of investment are the main benefits of our customers.
